

COMPANY PROFILE

Innovate | Integrate | Operate

OSI Consulting is a leading information technology services company driven to create business value for our customers through the innovative application of advanced technologies. Clients worldwide benefit from our agile approach toward building and implementing global solutions.

Headquartered in Woodland Hills, California, OSI leverages a strong foundation and ongoing relationship with Oracle to provide enterprise and E-Business services to global organizations. Since 1993, OSI has helped hundreds of clients successfully master enterprise IT initiatives by redesigning business systems, optimizing value chains, and integrating and externalizing applications.

World Class Clients

- Over 100 customers worldwide and offices in the U.S., Canada, and India
- Offering comprehensive technology consulting and services to a broad range of industries including:
 - Retail - Manufacturing
 - Agriculture - Customer & Sales Management

Scale, Experience and Capability

- Global operations with offices across the U.S., Canada, and Asia
- Over 300 professionals worldwide

Innovate. Integrate. Operate.

Our approach at OSI is based on a complete understanding of the technology lifecycle – focusing on innovation, integration, and operation of your mission-critical systems.

We have the knowledge and expertise to INNOVATE, creating new solutions or new approaches to existing systems – the proven ability to INTEGRATE your systems seamlessly to provide for the fluid access and exchange of information within and outside of your company, and OPERATE your systems providing cost-effective and secure sustainment of your environment. Our strength lies in our proven ability to combine these necessary elements to help your business maintain a razor sharp competitive edge.
